Subject: CFDRI2015- Extended Date

To:

Last chance to submit your papers for CFDRI 2015

The Organising Committee has extended the Call for Papers one final time to Sunday, 14th June 2015. This means there are now only 18 days to submit your full paper for participation in the CFDRI 2015.

Call for Papers

**COMPUTATIONAL FLUID DYNAMICS IN RESEARCH & INDUSTRY 2015
(CFDRI2015)**

Date: 17th – 19nd August 2015| Venue: Kuala Lumpur, Malaysia

Full Paper Submission Deadline: 14 June 2015

Website: <http://cf dri.uthm.edu.my/>

Email: cfдри@uthm.edu.my or cfдри2015@gmail.com

The International Conference on Computational Fluid Dynamics in Research and Industry 2015 (CFDRI2015) organized by FKMP UTHM and CAD-IT (Malaysia) is an event focusing mainly on the application of Computational Fluid Dynamics (CFD) in academic and industrial research. This event, being the first of its kind in Malaysia aims at bringing together researchers from the academia and the industry from various engineering disciplines to exchange knowledge, experience and ideas in this branch of study.

The conference will run in parallel sessions with topics covering the application of CFD in the following fields:

Topics of Interest

- # CFD Methods
- # Fluid Flows Characterisation
- # Heat Transfer
- # Turbulence Analysis
- # Fluid Structure Interaction
- # Combustion
- # Indoor Air Quality
- # Industrial Environmental
- # Spray Analysis
- # Heat Exchangers
- # Automotive Engineering
- # Electronics
- # Porous Media Flow
- # Fluid Machines
- # Aerodynamics

Publication and Index

All accepted peer-reviewed papers of the CFDRI2015 will be published in ARPN Journal of Engineering. This publications is indexed by SCOPUS.

Paper Submission

To submit a paper, please go to the Submission site via the link available at the CFDRI2015 website: <http://cfдри.uthm.edu.my/>

Each paper must deal with original and unpublished work, not submitted for publication elsewhere (copyright problems fall entirely under responsibility of the authors). Each paper will be reviewed by at least two experts in the relevant field ensuring the publication of only top quality contributions.

Important Dates

Paper submission (Full Paper) : **14 June 2015**
Notification of Acceptance : **21 June 2015**
Revised paper submission : **5 July 2015**
Paper Registration and Payment : **Before 12 July 2015**
CFDRI2015 Conference : **17 – 19 August 2015**

Assalamualaikum wbt & Salam Sejahtera

Terima kasih kerana mendaftar CFDRI2015.

Saya selaku wakil unit pendaftaran ingin memohon agar Saudara Muhammad Anshar dapat memuat naik dokumen yang diperlukan iaitu:

1. Slip pembayaran yuran persidangan
2. Kad pelajar.

Terima Kasih.

Thanks and Regards;

Prof Dr Farid Nasir Ani:

1. The corresponding author (the paper submitter) should upload the final version and register as indicated in the acceptance letter. Please refer to the attached file for the detail of revise paper submission procedure.
2. The corresponding author should prepare the final version of the paper. The format must be.doc or docx.(very important)
3. Please follow the conference format. The AuthorTemplate.doc (refer to conference website)(<http://cf dri.uthm.edu.my/index.php/paper-submission/author-guidelines>) has incorporated the paper format for ARPN Journal of Engineering and Applied Sciences. Follow the author's guidelines as written in the author ARPN template. This is to make sure your paper will be included in the ARPN journal.
4. Each paper is normally between 5 to 8 pages, and additional pages might be charged. Please follow the Conference format. Authors who would like to publish articles with extra pages in CFDRI 2015; the additional cost is USD30 per page after the 8th page. Papers less than 5 pages should not be submitted..

Thank you and looking forward to your participation in this event.

Prof Dr Farid Nasir Ani:

After a careful review of your submission, "CO-COMBUSTION MODELING OF RICE HUSK AND PLASTIC BAG AS ENERGY SOURCE IN INDONESIA" will be considered for presentation at CFDRI2015 if the following revisions are successfully implemented.

Thank you and looking forward to your participation in this event.

Dr Amir Khalid
Universiti Tun Hussein Onn Malaysia
amirk@uthm.edu.my

Reviewer A:

(Q1) Title: Is it adequate and appropriate for the content of the article?:
Yes, appropriate.

(Q2) Abstract: Does it contain the essential information of the paper? Is it complete? Is it suitable for inclusion by itself in an abstracting service?:

No, the author should revise the abstract.

(Q3) Diagrams, figures, tables and references: Are they essential and clear?:

No, the author should make sure all are readable, captioned and cited in the text.

(Q4) Conclusion: Does the paper contain a carefully written conclusion, summarizing what has been learned and why it is interesting and useful?:
Yes.

(Q5) Originality: Is the work relevant and novel?:
Moderate

(Q6) Repetition: Have significant parts of the manuscript already been published?:
Acceptable

(Q7) Scientific merit: notably scientific rigour, accuracy and correctness.:
Moderate

(Q8) Clarity of expression; communication of ideas; readability and discussion of concepts.:
Moderate

(Q9) Additional comments to the author:
This paper contains a lot of grammatical and spelling errors.

The following sections need to be corrected:

1. Abstract (grammatical)
2. Geometry Model of Furnace... 28.875 nodes?
3. Pg.2, Furnace geometry sentence has duplicate
4. Table-2, format & spacing
5. Figure-2, caption should be in the same column

6. ".. all the water content in RH90 + PB10 turn into gas phase." Water will always be H₂O whether it is in liquid or gaseous phase
7. Pg. 4, "... furnace showe..."
8. Figure-5 "Countur"
9. References, font sizes
- 4.

Reviewer B:

(Q1) Title: Is it adequate and appropriate for the content of the article?:
Yes, appropriate.

(Q2) Abstract: Does it contain the essential information of the paper? Is it complete? Is it suitable for inclusion by itself in an abstracting service?:

Yes, can be accepted as it is.

(Q3) Diagrams, figures, tables and references: Are they essential and clear?:

No, the author should make sure all are readable, captioned and cited in the text.

(Q4) Conclusion: Does the paper contain a carefully written conclusion, summarizing what has been learned and why it is interesting and useful?:
Yes.

(Q5) Originality: Is the work relevant and novel?:
Moderate

(Q6) Repetition: Have significant parts of the manuscript already been published?:
Acceptable

(Q7) Scientific merit: notably scientific rigour, accuracy and correctness.:
Moderate

(Q8) Clarity of expression; communication of ideas; readability and discussion of concepts.:
Very good

(Q9) Additional comments to the author:

Dear authors, i personally think that this is an interesting paper to share the findings. However, minor correction is required in this paper. Please allow me to share a few comments about this paper:

1. Kindly please re-arrange/align Table 2 in proper row and column.
2. Please check the wording for figure 2, where it should be close to the picture.
3. The graph for figure 2 seem like your expending the picture by not considering the ratio. I appreciate if your can replace with a proper quality and actual size for better illustration.
4. The authors are recommended to explain important symbol in presented equations. I believed that some of reference books are using different symbol and meaning.
5. Please provide some validation analysis to support your simulation works.

Pending to attention and response to the comments above, I recommend this manuscript to be accepted.

Reviewer C:

(Q1) Title: Is it adequate and appropriate for the content of the article?:
Yes, appropriate.

(Q2) Abstract: Does it contain the essential information of the paper? Is it complete? Is it suitable for inclusion by itself in an abstracting service?:

Yes, can be accepted as it is.

(Q3) Diagrams, figures, tables and references: Are they essential and clear?:

Yes.

(Q4) Conclusion: Does the paper contain a carefully written conclusion, summarizing what has been learned and why it is interesting and useful?:

Yes.

(Q5) Originality: Is the work relevant and novel?:

Moderate

(Q6) Repetition: Have significant parts of the manuscript already been published?:

Acceptable

(Q7) Scientific merit: notably scientific rigour, accuracy and correctness.:

Moderate

(Q8) Clarity of expression; communication of ideas; readability and discussion of concepts.:

Very good

(Q9) Additional comments to the author:

1. Figure must be inserted immediately after the citation in the text.
2. Title of Figure 2 was shifted to the other column .

Reviewer's Report

1. Please follow the conference format. The AuthorTemplate.doc (refer to conference website)(<http://cfdri.uthm.edu.my/index.php/paper-submission/author-guidelines>) has incorporated the paper format for ARPJ Journal of Engineering and Applied Sciences. Follow the author's guidelines as written in the author ARPJ template. This is to make sure your paper will be included in the ARPJ journal.
2. The corresponding author should prepare the final version of the paper. The format must be .doc or docx.
3. Each paper is normally between 5 to 8 pages, and additional pages might be charged. Please follow the Conference format. Authors who would like to publish articles with extra pages in CFDRJ 2015; the additional cost is USD 30 per page after the 8th page. Papers less than 5 pages should not be submitted.
4. The abstract of the paper should contain the motivation/problem statement, aims, methods, results and conclusion.
5. Introduction should contain the literature review, research background, problem statement, objective, scope and summary of research methodology.
6. All figures and tables must be clear and readable and also references MUST be cited in the text.
7. The corresponding author (the paper submitter) should upload the final version and register as indicated in the acceptance letter.
8. The manuscript needs to be edited for grammar and syntax.

14 Jul 2015 jam 07.56

Good Day!

Dear Authors,

Attached here are the

- 1) Acceptance letter for CFDRI 2015
- 2) Paper template for CFDRI 2015

In order to complete the registration of your paper, the following **THREE** steps are required.

1. You are required to refurbish your paper based on reviewer comments which are made available in the online paper submission system **before 5th JULY 2015**. You are also required to ensure the final version of your paper is according to the given paper format.

2. You are required to complete the payment of the conference fees, at the latest **12th July 2015** through either cheque / local order / bank transfer. Details on the conference fees and the payment method is available at <http://cfdri.uthm.edu.my/index.php/registration/payment-method>

3. You are required to register through the registration online system, at the latest **12th July 2015**, at <http://cfdri2015.myconferences.org/>

Thank you and we are looking forward to meeting you in Seri Pacific Hotel, Kuala Lumpur.

Yours sincerely,

Secretariat

International Conference on Computational Fluid Dynamics in Research & Industry 2015
(CFDRI 2015)
Faculty of Mechanical and Manufacturing Engineering
Universiti Tun Hussein Onn Malaysia

Subject: [CFDRI2015] Editorial Decision on Paper

To: Prof Dr Farid Nasir Ani <farid@mail.fkm.utm.my>

Cc: Muhammad Anshar <M.Anshar60@yahoo.com>, Ab Saman Kader <abdsaman@fkm.utm.my>, azian@uthm.edu.my, norzela@uthm.edu.my

Prof Dr Farid Nasir Ani:

After a careful review of your submission, "CO-COMBUSTION MODELING OF RICE HUSK AND PLASTIC BAG AS ENERGY SOURCE IN INDONESIA" will be considered for presentation at CFDRI2015 if the following revisions are successfully implemented.

Thank you and looking forward to your participation in this event.

Dr Amir Khalid
Universiti Tun Hussein Onn Malaysia
amirk@uthm.edu.my

Reviewer A:

(Q1) Title: Is it adequate and appropriate for the content of the article?:
Yes, appropriate.

(Q2) Abstract: Does it contain the essential information of the paper? Is it complete? Is it suitable for inclusion by itself in an abstracting service?:

No, the author should revise the abstract.

(Q3) Diagrams, figures, tables and references: Are they essential and clear?:

No, the author should make sure all are readable, captioned and cited in the text.

(Q4) Conclusion: Does the paper contain a carefully written conclusion, summarizing what has been learned and why it is interesting and useful?:
Yes.

(Q5) Originality: Is the work relevant and novel?:
Moderate

(Q6) Repetition: Have significant parts of the manuscript already been published?:
Acceptable

(Q7) Scientific merit: notably scientific rigour, accuracy and correctness.:
Moderate

(Q8) Clarity of expression; communication of ideas; readability and discussion of concepts.:
Moderate

(Q9) Additional comments to the author:
This paper contains a lot of grammatical and spelling errors.

The following sections need to be corrected:

1. Abstract (grammatical)
2. Geometry Model of Furnace... 28.875 nodes?
3. Pg.2, Furnace geometry sentence has duplicate
4. Table-2, format & spacing
5. Figure-2, caption should be in the same column
6. "... all the water content in RH90 + PB10 turn into gas phase." Water will always be H₂O whether it is in liquid or gaseous phase
7. Pg. 4, "... furnace showe..."
8. Figure-5 "Countur"
9. References, font sizes

Reviewer B:

(Q1) Title: Is it adequate and appropriate for the content of the article?:
Yes, appropriate.

(Q2) Abstract: Does it contain the essential information of the paper? Is it complete? Is it suitable for inclusion by itself in an abstracting service?:

Yes, can be accepted as it is.

(Q3) Diagrams, figures, tables and references: Are they essential and clear?:

No, the author should make sure all are readable, captioned and cited in the text.

(Q4) Conclusion: Does the paper contain a carefully written conclusion, summarizing what has been learned and why it is interesting and useful?:
Yes.

(Q5) Originality: Is the work relevant and novel?:
Moderate

(Q6) Repetition: Have significant parts of the manuscript already been published?:
Acceptable

(Q7) Scientific merit: notably scientific rigour, accuracy and correctness.:
Moderate

(Q8) Clarity of expression; communication of ideas; readability and discussion of concepts.:
Very good

(Q9) Additional comments to the author:
Dear authors, I personally think that this is an interesting paper to share the findings. However, minor correction is required in this paper. Please allow me to share a few comments about this paper:

1. Kindly please re-arrange/align Table 2 in proper row and column.
2. Please check the wording for figure 2, where it should be close to the picture.
3. The graph for figure 2 seem like your expending the picture by not considering the ratio. I appreciate if you can replace with a proper quality and actual size for better illustration.
4. The authors are recommended to explain important symbol in presented equations. I believed that some of reference books are using different symbol and meaning.
5. Please provide some validation analysis to support your simulation works.

Pending to attention and response to the comments above, I recommend this manuscript to be accepted.

Reviewer C:

(Q1) Title: Is it adequate and appropriate for the content of the article?:
Yes, appropriate.

(Q2) Abstract: Does it contain the essential information of the paper? Is it complete? Is it suitable for inclusion by itself in an abstracting service?:

Yes, can be accepted as it is.

(Q3) Diagrams, figures, tables and references: Are they essential and clear?:

Yes.

(Q4) Conclusion: Does the paper contain a carefully written conclusion, summarizing what has been learned and why it is interesting and useful?:
Yes.

(Q5) Originality: Is the work relevant and novel?:
Moderate

(Q6) Repetition: Have significant parts of the manuscript already been published?:
Acceptable

(Q7) Scientific merit: notably scientific rigour, accuracy and correctness.:
Moderate

(Q8) Clarity of expression; communication of ideas; readability and discussion of concepts.:
Very good

(Q9) Additional comments to the author:
1. Figure must be inserted immediately after the citation in the text.
2. Title of Figure 2 was shifted to the other column .

Reviewer's Report

1. Please follow the conference format. The AuthorTemplate.doc (refer to conference website)(<http://cfdri.uthm.edu.my/index.php/paper-submission/author-guidelines>) has incorporated the paper format for ARPJ Journal of Engineering and Applied Sciences. Follow the author's guidelines as written in the author ARPJ template. This is to make sure your paper will be included in the ARPJ journal.
2. The corresponding author should prepare the final version of the paper.
The format must be .doc or docx.
3. Each paper is normally between 5 to 8 pages, and additional pages might be charged. Please follow the Conference format. Authors who would like to publish articles with extra pages in CFDRJ 2015; the additional cost is USD 30 per page after the 8th page. Papers less than 5 pages should not be submitted.
4. The abstract of the paper should contain the motivation/problem statement, aims, methods, results and conclusion.
5. Introduction should contain the literature review, research background, problem statement, objective, scope and summary of research methodology.
6. All figures and tables must be clear and readable and also references MUST be cited in the text.
7. The corresponding author (the paper submitter) should upload the final version and register as indicated in the acceptance letter.
8. The manuscript needs to be edited for grammar and syntax.

Tanggal: Minggu, 23 April 2017 08.08 GMT+8

Dear respected authors,

As being informed in our previous email, ARPN Journal have started to publish accepted articles at CFDRI 2015 in ARPN Journal of Engineering and Applied Sciences Vol. 12 No. 7 (10th April 2017) involving nine (9) from fifty two (52) papers. The papers can be access at >>>> http://www.arpnjournals.com/jeas/volume_07_2017

We would to inform you that another batch involving nineteen (19) papers have been published in ARPN Journal of Engineering and Applied Sciences Vol. 12 No. 8 (20th April 2017) which can be access at >>>> http://www.arpnjournals.com/jeas/volume_08_2017.

In total twenty eight (28) from fifty two (52) papers have been published and we are expecting the others to follow in the next publication expected to be on 10th May 2017.

We will closely monitor the progress and will keep you updated and once again we are deeply regret the unnecessary inconvenience that this delay has caused.

Thank you for your attention on this matter and your continuous support to our conference is highly appreciated.

Sincerely yours

Kamil Abdullah
Publication Team of CFDRI 2015

Subject: CFDRI 2015 Publication Status

Dear respected authors,

In this opportunity we would like to provide you an update on the current publication status of your submission to the CFDRI 2015 Conference.

The following are the chronological details of the publication process from the time of your submission to the conference:

1. Agreement Date Between CFDRI 2015 and ARPN Journal : 08 Feb 2015
2. Issuance of Paper Template and Copyright Form from ARPN Journal : 04 Jun 2015 (most of the papers have been submitted in different format)
3. Deadline of Full Paper : 28 Jun 2015
4. Conference Date : 18 Ogos 2015
5. Notification of Camera-Ready Papers to ARPN Journal : 17 Jan 2016 (time required for re-submission from authors based on the new format)
6. Invoice Date from ARPN Journal : 01 Ogos 2016
7. Invoice Payment Date to ARPN Journal : 14 Ogos 2016
8. Publication Date : Still waiting feedback from ARPN Journal

We deeply regret the unnecessary inconvenience that this delay has caused. As our pledge, we will make endless efforts to ensure that the conference proceedings will be published as planned.

Thank you for your attention on this matter. Your continuous support to our conference is highly appreciated.

Yours sincerely

Kamil Abdullah
Publication Team of CFDRI 2015
