Admin Ideas
ideas.journal@palopo.ac.id

Reviewer A:

1. Your abstract must be completed with the brief description of the problem, research objectives , method used, and the results of the research as the primary focus of an abstract.
2. Be sure about the gap of your current research by comparing and confirming with the previous research
3. Do not forget to make sure that you have stated the research question and the objectives of the research in your background
4. Complete your method with clear and detail information especially the data analysis that you use.
5. Please use the appropriate English tenses for each parts and paragraphs of your article
6. Be sure about your conclusion has been formulated critically and logically. You should prepare suggestions as part of the conclusion part.
7. Please check your references. You must add at least 5 more references to be 15 totally. It must be the update (5 years currently)

Reviewer B:

Method should be completed with more detail information especially in the interview and observation parts. Also should be completed with clear information and practical in the analysis part.

References should be added with at least 20 references. And 50% should be from updated journal in 5 years currently.
