Dear Editor of Horizon Research Publishing,

I would like to follow up related to manuscript submission progress. It has been 59 days more or less since it is being submitted. If there is any information about the progress, I am delighted to be informed as soon as possible. As the paper is very much needed as one of the special requirements for receiving a Professor title. Therefore, I need to know if there is a problem with my paper, then I can still have time to fix it before my deadline, and if there is no problem with my paper I really hope the paper will be published in July. Because I need to collect it at the latest at the end of this month. As my time is very limited because I am going to be retired soon if I do not fulfill this requirement. I hope you can help me with this matter.

Thank you very much in advance.

Best Regards,
