to me, Mungad

Dear Dr. Irfan Shamsuddin,

The review process for the Second International Conference on Data Engineering (DaEng-2015) has been finished. The best quality papers have been selected, each of them will be included in the volume of Lecture Notes in Electrical Engineering (LNEE) by Springer-Verlag (<http://www.springer.com/series/7818>) volume 407.

We are glad to inform that your paper has been accepted by DaEng-2015 Program Committee to be orally presented at the conference and published in the LNEE. Congratulations!

We thank you very much once again for your contribution to DaEng-2015.

For guaranteeing your paper to be included in the LNEE proceeding, please do the following:

1. Revise your paper taking all the suggestions and comments of the reviewers into account. The limit of your paper is 8 pages (paper less than 7 pages will not be published in LNEE and extra pages will be charged). Note: The paper must be in LNEE style.
2. Submit by **April 15, 2015** to icdaeng2015@gmail.com and mungad@um.edu.my, a packed file (zip or rar) containing:
 - a. All source files of the paper (DOC or Tex)
 - b. PDF file of the paper.
 - c. Signed the LNEE copyright form.
 - d. Signed the DaEng-2015 registration form.
All available at <http://daeng2015.amcs.co/page/authors-kit.php>

3. By **April 15, 2015** at least one of the authors must register using the registration form and pay the author's conference fee. For registration details please visit <http://daeng2015.amcs.co/page/registration-and-payment.php>.
4. Please note: Only papers registered and paid in due time will be finally included in the proceedings, the payment must be booked on the conference account by **April 15, 2015**.
5. To prepare the paper please use the instructions for LNEE Authors available at page: <http://www.springer.com/series/7818> (Click on instruction for author)
6. Your paper should be personally presented at the conference. Authors of "no-shows" papers will not be invited to the special issues in international journals planned for the post-conference publications.
7. If you have any technical problems, please contact: icdaeng2015@gmail.com and mungad@um.edu.my.

Thank you very much for your contribution and we look forward to meeting you in Bali, Indonesia.

With best regards,
Tutut Herawan
DaEng-2015 General Chair

CONTRIBUTION DETAILS

Title: Review on Smart Video Streaming Schemes for Cloud Based E-Learning

REVIEW RESULT OF THE PROGRAM COMMITTEE:

This contribution has been accepted.

----- OVERVIEW OF REVIEWS -----

Program Committee 1 Review

Contribution of the submission

Evaluation of the contribution

Content	(10%): 5
Significance	(10%): 5
Originality	(10%): 5
Relevance	(10%): 5
Presentation	(10%): 5
Recommendation	(50%): 43
Total points (out of 100)	: 68

Comments for the authors

The author presents a Review on Smart Video Streaming Schemes for Cloud Based E-Learning
The paper is good and well organized. I recommend the present paper for acceptance
to DaEng 2015.

The author is suggested to follow LNEE Springer template in preparing final camera ready.

Program Committee 2 Review

Contribution of the submission

Evaluation of the contribution

Content	(10%): 5
Significance	(10%): 5

Originality	(10%): 5
Relevance	(10%): 5
Presentation	(10%): 5
Recommendation	(50%): 50
Total points (out of 100)	: 75

Comments for the authors

1. The authors propose review on smart video streaming schemes for cloud based e-learning.
 2. It is very interesting review paper in Cloud Based E-Learning.
 3. The paper is formatted according to IEEE style. The author is suggested to follow Springer format.

Program Committee 3 Review

Contribution of the submission

Evaluation of the contribution

Content	(10%): 7
Significance	(10%): 7
Originality	(10%): 7
Relevance	(10%): 7
Presentation	(10%): 7
Recommendation	(50%): 43
Total points (out of 100)	: 78

Comments for the authors

This review paper is okay and contribution on review cloud based e-learning is clearly presented. It is acceptable for a conference.

I recommend this paper after significant extension to be included in a special issue journal in collaboration with the conference.

Editor comments for the authors

The paper can be accepted after revision following reviewer's comments.
