

Hydrological Research Letters

Japan Society of Hydrology and Water Resources

Trans-disciplinary, Open access, and Prompt publication

The logo consists of the letters 'H', 'R', and 'L' in a large, serif font. The 'H' and 'R' are positioned on the left, with the 'L' on the right. The letters are white with a subtle gradient and are set against a background of blue, wavy lines that resemble water ripples. The overall design is clean and professional, reflecting the journal's focus on hydrology and water resources.
