Reviewer A:

Abstract: This abstract explains more theoretical. Please rewrite the abstract in the brief explanation of existing problem, thus the design of wind power is needed for tambak house. The brief explanation of objective, method and result are important to be discussed. Please explain briefly the results in the quantitative terms.

Please erase the parts of study of literature and report writing in the section of Research method.

Don't give the units in bracket, please write the units in normal writing.
