Dear Abdul Kadir Muhammad and Dermawan Dermawan,

Thank you for your paper submission to our conference of EECR 2022. Your paper, entitled "A Fish Feeding Robot Prototype with a Water Level Control System Using a Proportional – Integral Controller", has been received. The paper ID is NJ536. We will submit it for review and send you the result asap.

The final review results will be sent to you before or on December 10 and you will also hear from us in this period if there is any review feedback.

Please do give me a reply to let me know if you have received my email.

Best Regards,

Dear Abdul Kadir Muhammad and Dermawan Dermawan,

Hope this email finds you well.

Your paper entitled "A Fish Feeding Robot Prototype with a Water Level Control System Using a Proportional – Integral Controller", submitted to our conference EECR 2022, has passed the first round of the paper review. According to the review feedback, there will be 2 kinds of possible

publication for the paper. please choose 1 publication you prefer and reply us your decision before December 8. The paper has been sent for further review.

Option I: EECR 2022 Conference Proceedings, which will be published into Journal of Physics: Conference Series (JPCS), and submitted for indexing by Ei Compendex, Scopus, Thomson Reuters (WoS), Inspec. More information, please visit <http://www.eecr.org/>.

Option II: International Journal of Mechanical Engineering and Robotics Research, which will be submitted for Scopus, CNKI, Google Scholar, Crossref, etc. More details about it, please visit: <http://www.ijmerr.com/>.

Please note that if you choose IJMERR, the final review result will be sent to you around December 18. There will be 1 week longer for further review process, rather than conference proceedings.
