To: "zenon.pudlowski zenon.pudlowski" &lt;zenon.pudlowski@wiete.com.au&gt;

Dear Editor,

Herewith I submit my manuscript entitled  
"Evaluation of XTEA Cryptography Learning Module"

Hopefully this can meet the requirement for publishing in GJEE.  
Thank you very much.

Best regards,

Irfan Syamsuddin, PhD

Dear Mr Syamsuddin

Thank you very much for your kind message and your willingness to publish an article in the Global Journal of Engineering Education (GJEE). We will be happy to consider your article for inclusion in the GJEE, Vol.20, No.3.

Attached, please find a kit for authors. This should assist you in the preparation of your article.

In preparing your article, you should not make any changes to the template, and strictly follow the Instruction for Authors. Please do not use bold faces in the article nor in the figures! The abstract must not exceed 12 lines. Also please note that a single line space must be placed between the paragraphs, figure, captures, equations, formulas, etc. Further, would you please supply us with the original, unsaved figures, so that we can access them and make necessary corrections if required? We accept figures generated in Ms Word, Excel and Visio. More information can be found at the journal's site:

[www.wiete.com.au](http://www.wiete.com.au)

Also, please note that submitted articles must be accompanied by the fully filled in and signed Submission Form & Payment Details. However, you do not need to pay the publication fee at this stage. You will be asked to do so, when the article has been refereed positively.

I look forward to receiving your contribution to the GJEE journal.

Kindest regards

Zenon J. Pudlowski

Dear Editor,

Thank's much for your suggestions.

I have done my best to accommodate the requirements.

The following attachments are final draft, collection of all figures and GJEE submission form.

Thank you

Best regards,

Irfan Syamsuddin, PhD

Dear Mr Syamsuddin

You MUST sent the figures as editable files, not as screen captures.

Dear Mr Syamsuddin

I repeat, we need to edit the figures, especially Figure 4!

Hence, we need original files which can be edited.

Regards

Zenon J. Pudlowski

Dear Editor,

Herewith I sent you xlsx file of my data  
the file contains figures 2,3 and 4

I hope this can answer the requirement.  
Thank you so much for your support.

Best regards,

Irfan

Dear Editor,

Let me explain you about the issue.

Figure 1 is actually a screenshot of my NgeXTEA program,  
After sceenshot Then I paste it into Paint and save it as JPEG file (I already sent this previously)  
This is the original source of figure 1.

Then for figure 2,3, and 4 , they all derived from Excel file that I sent you.  
In the Excel, several tables exist and then I transformed them into charts ...  
Later, I capture these charts and edit them in Paint before putting them into my paper.  
So all figures (2,3,4) are from Excel file I sent.  
You can make any changes through this Excel file.  
I attached again the files.

I hope this answers your requirement.

Thank you for your kind help.

King regards,

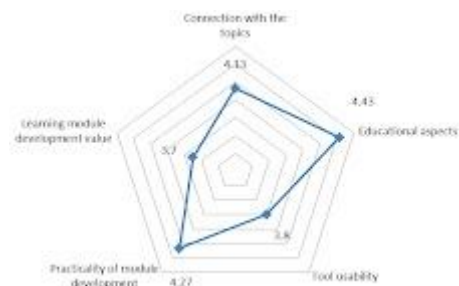

Irfan
