Dear Irfan Syamsuddin,

You should also enter a label Figure 3, Figure 5, in the text above the Figure, where you are referring (you mention the given Figure).  
You have an indication for Figure 6, and Figure 6 does not exist.

You should also enter a label Table 1 in the text above the Table, where you are referring (you mention the given Table 1).

Delete your acknowledgment note.

Acknowledgments may be included in papers resulting from research and other projects funded by national or international institutions (Ministry of Science, Provincial Secretariats, EU, etc.). An acknowledgment note states: the title of the project, the record number, the time period of the project from - to and the full title of the institution financing the project.

After the corrections you should send us your paper again.

Dear Irfan Syamsuddin,

The reviewer has noticed that you have used a lot of Self-Citation (Syamsuddin, I.), which is not good. You need to make correction in text and Reference section, to lower a number of self-citation, **not more than 2**.
