Dear Mr. Irfan Syamsuddin:

Congratulations - your paper #1570787820 ('Fuzzy MCDM Approach for Building Private Cloud Medical Records') has been accepted for presentation in the 2022 International Conference on Decision Aid Sciences and Applications (DASA) (DASA'22).

Note that at least one of the authors must register for the conference to include the paper in the final program. Please check the conference website for the registration fees and deadlines of early and late registration. Finally, the organizing committee reserves the rights to exclude papers that are not presented at the conference from publication in IEEE Xplore.

Best Regards,
