Glass transition effects on the molecular transport of caffeine from condensed κ-carrageenan/ polydextrose systems

Dear Professor Kasapis,

Thank you for submitting your manuscript to Food Hydrocolloids.

I am pleased to inform you that your manuscript has been accepted for publication and it will now be transferred to our production department. We will create a proof which you will be asked to check, and you will also be asked to complete a number of online forms required for publication. If we need additional information from you during the production process, we will contact you directly.

Please note the comment from Reviewer #1 below which can be addressed at the proof stage.

We appreciate you submitting your manuscript to Food Hydrocolloids and hope you will consider us again for future submissions.

Kind regards,

Pete Williams
Editor-in-Chief
Food Hydrocolloids

Editor and Reviewer comments:

Reviewer 1: Authors did a good revision of their work and correctly incorporated answers to my previous concerns. I have another important comment: authors should be aware that statistical significance is $p \leq 0.05$ and not $p < 0.05$. This is a serious flaw that must be corrected in the manuscript.

Reviewer 2: Nice work, congratulations....

Reviewer 3: The authors have sufficiently considered my comments. No additional revision is required. I recommend to accept this revised manuscript for publication.
