Dear Somasundaram,

My apologies, these were cited mistakenly as Figures 5(a-f) but in fact they are **Figures 6(a-f)**.

The corrections have been made in lines 407, 408 and 411 on page 17 of the accepted manuscript, which is attached presently.

Regards,
Professor Stefan KasapisFood Biophysics Group

Our reference: FOOHYD 3849

Article title: **The role of structural relaxation in governing the mobility of linoleic acid in condensed whey protein matrices**

To be published in: Food Hydrocolloids

Dear Professor Kasapis,

Congratulations on having your article accepted.

We have now received your manuscript in production and would like to begin the typesetting process.

Unfortunately we have encountered a problem with the electronic files you provided and cannot process your article further until the following issues are resolved:

* The following figure(s)/table(s) is/are missing: We have received citation for figure 5(a-f), but the corresponding part figure labels are missing ,please check and advise.

We would be grateful if you could resolve this as soon as possible, ideally within 48 hours.

Further information on acceptable file formats can be found at <http://www.elsevier.com/guidepublication>.

Please quote the reference for your article, FOOHYD 3849, in all of your messages to us.

Thank you for your help with this issue; I look forward to hearing from you soon.

Kind regards,

A Somasundaram
